

Alcohol Check Terms and Conditions

We do allow you to bring in your own alcohol into the barn and on the property on the day of your wedding while getting ready. This is a convenience that we extend to our couples as most venues do not allow this and could impact our liquor license.

We will do an alcohol check 1 hour prior to the ceremony start time. A Furber Farm staff member, along with your point of contact for the day, will go through the bridal suite and groom's suite. We will be looking for any alcohol remaining to include coolers, bottles, and flasks. If there is any remaining alcohol at this time, we will take it, lock it in the basement closet, and it is your responsibility to ask the security officer to give it back to you at the end of the night.

You are responsible for letting your wedding party and guests know that we will be performing the alcohol check and you agree that if any one of your guests has an issue with the Furber Farm staff taking any alcohol, you will explain to them the rules.

You are not allowed to put the alcohol in your cars. If this happens, we have to police the parking lot for people tailgating which is absolutely not allowed and could result in that person being asked to leave the property.

If you do not agree to this, you will not be allowed to have any outside alcohol on the property.

By signing this, you agree that you fully understand the rules of this policy and agree to fully cooperate with the Furber Farm staff.
